

HOSTA	DESCRIPTION	SIZE	COST
A Many-Splendored Thing	Large sieboldiana type; very large dark green centered leaves, with very greenish yellow margin; corrugated leaves. Pale lavender flowers.	Large	13.00
Abby	Dark green leaves with yellow-chartreuse margins that have a variable width and some streaking toward the mid rib. Sport of Gold Drop. Lavender flowers.	Small	6.00
Abiqua Drinking Gourd	Dark, blue-green seer-suckered leaves with heavy substance display unique cupped form. White flowers. Slug resistant.	Medium	12.00
Abiqua Miniature	Slightly wavy, green leaves are dull on top, with whitish shiny on the underside. Slightly wavy. Purple flowers early July.	Miniature	10.00
Abiqua Moonbeam	Blue-green heart shaped leaves bordered by wide irregular yellow margins. Bell-shaped, pale lavender to whitish blooms.	Medium	10.00
Abraham Lincoln	Heavily corrugated blue-green foliage. Thick substance. Pale purple flowers.	Medium	20.00
Afterglow (PPAF)	Green, heart-shaped leaves with a remarkable yellow margin. Forms a large, upright mound. Pale lavender flowers early summer.	Large	17.00
Afternoon Delight	Medium green center, wide gold margin; moderate corrugation. Grows into a large, dark green centered Hosta with a lovely contrasting gold margin. Pale lavender flowers.	Large	16.00
Alakazaam	Green, long, narrow leaves with ruffled, bright yellow to creamy white margins. Lavender flowers late summer.	Miniature	14.00
Albo-Marginata	Large green leaves, edged with broad bands of white.	Medium	6.00
Alex Summers	Upright form; dark green leaves edged with bright gold margin. Named after the first president of the American Hosta Society.	Large	14.00
Allegan Fog	Shiny, dark green leaves display a speckled green and white center, which is especially pronounced in the spring. Lavender flowers midsummer.	Medium	13.00
Alligator Alley	Coarsely textured, puckered, heart-shaped leaves have wide, blue-green margins with chartreuse to yellow centers. Near white flowers early summer.	Medium	19.00
Alligator Shoes	Broad leaves with a tapered point that twists slightly and displays a unique frosty blue-green color with a white border. As the plant matures, the leaf develops a pebbling on the surface. Slow growth rate. Grows best with a full morning of sun. Lavender flowers	Medium-Large	14.00
Alvatine Taylor	A large Hosta with elongated blue heavy textured leaves edged with gold margin. White flowers.	Giant	10.00
American Choo Choo	Green leaves with a heavily rippled, wide, gold margin. Good Substance. Very pale lavender flowers late June to mid-July.	Large	19.00

American Eagle	Green leaves with a wide gold margin that tends to streak into the center. Pale lavender flowers late July.	Medium-Large	45.00
American Fashion	Gold leaves with 1" wide dark green, variable margins. Pale lavender flowers late July	Large	16.00
American Gothic	Blue-green in the leaves with a wide, gold to creamy white margin. Moderately corrugated. Thick-substance. Pale Lavender flowers in July.	Large	23.00
American Halo	Large blue leaves with a wide creamy-white margin. White flowers early summer. Its former name was 'Northern Halo Wade Form'	Large	14.00
American Hero	Honoring our troops, this sport of 'Revolution' has wide dark green margins with a creamy white center speckled with green. Leaves are slightly twisted as they mature. Thick substance. Lavender flowers midsummer.	Medium	17.00
American Icon (PP17441)	Green leaves with a wide, gold margin. Pale lavender flowers. Sport of 'Choo Choo Train' that forms a clump up to 6' wide.	Large	15.00
American Sweetheart	A tetraploid sport of 'Sea Thunder' with wider, deep green margins and narrower, creamy white centers. Good substance. Lavender flowers.	Medium-Large	13.00
Andrew	White leaves with a medium blue-green margin and a narrow green pattern between the blue and cream layers. Pale lavender flowers early summer.	Large	18.00
Ani Machi (aka Geisha)	Wide green margin with a center that changes from medium gold in early spring to pale green by the end of summer. Leaves are elliptic to narrowly ovate in shape with distinct waves and leaf tips that are curved 90 degrees on most leaves. Medium purple flowers mid-August.	Medium	9.00
Ann Kulpa	Large heart-shaped leaves have a clean white center, with a chartreuse overlay where the center and green margin overlap. Fast growth rate. Pale lavender flowers midsummer.	Large	13.00
(rectifolia) Aomori Gold Star	Gold leaves with a dark green margin, forming a striking contrast. Upright growth habit. Medium purple flowers in August.	Medium	26.00
Apple Green	Chartreuses leaves are ovate-shaped, slightly wavy and smooth-textured. Grows into a very dense mound. Many pale lavender flowers in July.	Medium	6.00
Appletini	Smooth, wavy leaves emerge bright yellow changing to apple green by July 1. Good substance. Pale purple flowers in August.	Dwarf	14.00
Aristocrat (PP11286)	Cream margined sport of 'Hadspen Blue.' Heart shaped, smooth blue leaves with wide creamy-yellow margin lightening to a creamy white. Pale lavender flowers.	Medium	12.00

Atlantis (PP17093)	Long, dark green ruffled leaves with a striking golden-yellow margin. Light lavender flowers midsummer. Forms clumps up to 5-feet wide!	Large-Giant	16.00
August Moon	Medium gold, moderately corrugated leaves. Good substance. Pale lavender flowers mid-July. One of the oldest and greatly admired gold hostas.	Large	6.00
Aurora Borealis	Large, blue-green leaves with gold margin, vigorous form similar to 'Frances Williams.' White flowers.	Large	11.00
Autumn Frost	Leaves emerge frosty blue with bright yellow margins changing to creamy white in summer. Light lavender flowers mid-late summer.	Medium	16.00
Avocado	Medium gold center with green margin. Fast growth rate. Much wider green margin than 'Guacamole' Fragrant, pale lavender flowers on three-foot scapes.	Medium-Large	16.00
Aztec Treasure	Chartreuse heart-shape leaves; bell-shaped purple flowers.	Medium	10.00
Backyard Monster	Moderately corrugated green centered leaves with a margin that changes from yellow to white. Thick substance. Near white flowers in June.	Large	18.00
Beckoning (PP18371)	Leaves emerge green, then turn gold with wide, blue-green margins by summer; slightly cupped and glaucous. Near white flowers. Sport of 'Blue Angel.'	Large	15.00
Big Daddy	Blue-green leaves of heavy substance. Pale lavender flowers.	Large	10.00
Big Top	Large, upright mound of blue-green foliage; ideal for shade gardens. Near-white flowers in July on three-foot scapes.	Giant	17.00
Bill Brincka	Bright green with bright yellow-green margin of variable width that becomes more ivory with the season. Virus-free version of H.'Opipara'. Glossy leaves. Purple striped flowers.	Medium-Large	11.00
Bix Blues	Deep blue-green, oval-shaped leaves; thick substance. Whitish flowers in July.	Medium	14.00
Blackjack	Heavily corrugated leaves emerge bluish green and become dark green by early summer. Thick substance. White flowers in July.	Large	22.00
***Blue Angel	Huge, blue leaves with heavy substance. White flowers.	Giant	9.00
Blue Arrow	Glossy, lance-shape blue-green leaves. White flowers.	Medium	7.00
Blue Flame	Heart-shaped blue-green leaves with a wavy, yellow margin. Fragrant, pale lavender flowers in August.	Medium	14.00
Blue Haired Lady	Leaves begin a bluish green and by mid-summer turn shiny dark green. Good substance. Whitish flowers in July.	Medium	14.00
Blue Hawaii	Semi-upright mound of rich blue foliage; thick substance; slug resistant. Pale purple flowers in July.	Giant	13.00

Blue Ivory	Wide, creamy white margins and a blue center. Margins brighten to white and may develop a unique green blush in the summer. Lavender flowers.	Small-Medium	16.00
Blue Jay	Intense blue heart-shaped leaves. Great substance. Lavender flowers.	Small	14.00
Blue Mammoth	Powdered blue with heavily corrugated leaves; white bell-shaped flowers.	Large	12.00
Blue Moon	Low-growing clump of blue-green heart-shaped leaves. White flowers.	Small	9.00
Blue Mouse Ears	Thick, round, blue-green to gray-green leaves. Forms a perfectly symmetrical mound. Lavender, bell-shaped flowers.	Miniature	10.00
Blue River	Blue green, corrugated leaves with a yellow margin. Near-white flowers June and July.	Medium	16.00
Blue Sophistication	Eye-catching blue foliage color; excellent growth rate; makes great container plant or ground cover in the landscape. Lavender flowers in July.	Medium	8.00
Blue Umbrellas	Large blue-green leaves; good texture. White flowers.	Giant	9.00
Blue Vision	Deep blue-green corrugated leaves. Very slug resistant. White flowers.	Large	10.00
Blue Wedgwood	Deep blue wedge-shape leaves. Its heavy substance is slug resistant. Lavender flowers.	Medium	8.00
Blueberry Muffin	Rich blue-green, oblong-ovate-shaped; slightly wavy and unruly; thick substance.	Medium-Large	15.00
Bobbie Sue	Shiny dark green leaves; with a 1/2" wide pure white margin. 2 1/2" tubular lavender flowers, on 4' scapes	Medium	12.00
Bold Ribbons	Shiny, dark green leaves with a slightly wavy creamy white margin. Oblong-elliptic leaf blades with a rounded base. Bright purple flowers late July.	Medium	7.00
Brenda's Beauty	Sport of 'Gold Standard.' Leaves are green edged with a very light-yellow center; average substance. Pale lavender flowers mid-July.	Medium	12.00
Bridal Veil	Green-centered leaves with neatly rippled, creamy margins. Very pale lavender flowers.	Medium	11.00
Bright Lights	Cup shaped leaves are center streaked and mottled with yellow and have wide, green margins. White flowers.	Medium	11.00
Brim Cup	Green cupped, seersucker leaves with wide irregular white margins; lavender flowers.	Medium	9.00
Broad Band	Heart-shaped leaves with extra wide, creamy yellow to white margins that jet into the dark green center. Near white flowers mid to late summer.	Large	16.00

Brother Stefan	Large, heavily corrugated gold leaves with a wide dark green margin. Near white flowers in early summer.	Large	17.00
Bumblebee	Rich gold, heavily corrugated leaves; good substance. White flowers in July.	Large	18.00
Camelot	Very blue colored leaves; heavy substance.	Medium	9.00
Candy Dish	Shiny, green leaves are ovate-shaped with many tiny marginal ripples and a long, thin tip. Moderate underside bloom. Pale purple flowers on reddish scapes in September.	Small	17.00
Candy Hearts	Leaves are medium blue-green, shiny on top and dull underneath, with a slightly rippled margin. They are broadly ovate with a cordate base, cupped, and lightly wavy. Fast growth rate. Light lavender flowers.	Medium	6.00
Captain Kirk	Leaves have a gold center that contrasts nicely with the dark green margins. Fast growth rate. Pale lavender flowers mid-summer.	Medium	12.00
Carnival	Irregular wide yellow margin that streaks to the center of the green heart-shape leaves. Lavender flowers.	Medium	10.00
Carolina Blue	Very waxy and very blue, rounded leaves that hold color well. A seedling of 'Halcyon'. Leaves have white backs. Light lavender flowers. A blue that tolerates all morning sun	Medium	10.00
Carolina Sunshine	Shiny, dark green center; wavy yellow margin; elliptic blade shape. Dense mound habit Pale purple flowers.	Medium	13.00
Cathedral Windows (PP17295)	Golden-yellow, heart-shaped leaves with wide, dark green margins; lighter shades of green appear between the overlap. Best coloration in bright filtered light. Vigorous growth rate. Large, fragrant, near-white flowers in late summer.	Large	17.00
Celestial	dark green center with a 1 ½" wide, creamy-white margin; heavily corrugated; thick substance. Improves on 'Northern Halo' and other white-edged, Sieboldana-types. Pale lavender flowers early July.	Large-Giant	15.00
Center of Attention	Heart-shaped leaves with a creamy-white center. The leaves are margined by two shades of green, which often streak into the lighter leaf center. Pale lavender flowers in late July.	Medium	17.00
Centerfold	Bright gold, intensely corrugated, unruly leaves. Good substance. Very pale lavender flowers late June to July.	Large	17.00
Chain Lightning	Excellent contrast between the dark green-margined leaves and creamy white center. Good substance. Lavender flowers in July.	Small-Medium	16.00
Change of Tradition	Shiny green lance-shaped leaves with a very thin white margin. Medium lavender flowers mid-August.	Medium	7.00
Cherish	Round leaves with streaky yellow center. The center fades to near white by midsummer. Tiny purple bell-shaped flowers.	Miniature	15.00

Cherry Berry	Lance-shape leaves with dark green margin and creamy white centers. Violet flowers midsummer on red scapes.	Small-Medium	11.00
Cherry Tart	Wedge-shaped leaves emerge bright chartreuse and brighten to a glowing yellow; prominent "lipstick red" leaf petioles. Lavender flowers midsummer.	Small	15.00
Cherry Tomato	Creamy yellow to white long, narrow lance shaped leaves with wide, dark green margins. Red pigment concentrated on the lower petioles extending in a narrow strip to the center of the back of each leaf. Purple flowers on Red scapes mid-late summer.	Dwarf	15.00
Chesapeake Bay	Deep blue-green leaves that form a vase-shaped mound; lightly cupped; heavily corrugated; thick substance. Near white flowers in July.	Large	13.00
Christmas Cookies	White center with dark green margin. Sport of 'Night Before Christmas.' Pale lavender flowers in mid-July to August.	Medium	16.00
Cinderella	Medium to dark green center with medium gold margin. Thick substance. Near-white flowers in late June.	Large	16.00
Cinnamon Sticks	Glaucous green leaves with cinnamon red petioles. This Hosta makes a great rock garden subject. September lavender flowers on dark red scapes.	Medium	13.00
City Lights	Large, brilliant gold leaves. Thick substance. Very pale lavender flowers midsummer.	Large	13.00
Clear Fork River Valley	Dark green, heavily corrugated leaves. Thick substance. Very pale lavender flowers in late June.	Large-Giant	17.00
Clifford's Comet	Heart shaped leaves have a green edging that feathers deep into a cream-colored center. Unique green flecking appears throughout the center of each leaf.	Medium	18.00
Clifford's Stingray (PP17279)	Leaves are twisted, folded, ovate, cordate base with a green margin and a white center. Fast growth rate. Lavender flowers in July.	Medium	14.00
Cloudburst	Unruly, thick, blue-green foliage turning a rich, shiny, dark green by midsummer. Pale purple flowers on 2' scapes in July.	Small-Medium	14.00
Cody	Ovate-shaped dark green leaves. Slightly shiny on the underside. Smooth texture. Purple flowers in July.	Small	10.00
Color Glory	Cupped, round, golden leaves with an irregular blue-green margin. Good substance. Bell-shaped white flowers.	Large	13.00
Cool as a Cucumber (PPAF)	Long, tapered leaves with clear white centers and bright green margins. Begins as an upright mound and matures into a beautiful arching mound. Light lavender flowers on creamy white scapes in early summer.	Large	17.00

Corkscrew	Unique clump of upright and arching, twisted, shiny dark green leaves. Fast growth rate. Lavender flowers in September and October, frequently on forked scapes.	Small	14.00
Corn Belt	Beautiful, pie-crust edged leaves are gold leaves with a wide green margin. Pale lavender flowers midsummer.	Large	14.00
Cotton Candy	White leaves heavily covered with green mist, turning to bright green leaves by August 1. Lavender flowers.	Small	22.00
Count Your Blessings	Heart shaped lime green leaves with white margins. Lavender flowers in July.	Medium	10.00
Cream Cheese	Green leaves with a yellow to white wavy margin. Purple flowers in August.	Miniature	12.00
Crusader	Narrow white margins on blue-green heart shaped crinkled leaves. Pale lavender flowers.	Medium	8.00
Curly Fries	Forms an arching, wiggly clump of extremely rippled narrow, chartreuse leaves. Red speckled petioles. Best foliage color in morning sun. Lavender flowers midsummer.	Miniature-Small	18.00
Dance with Me	Heavy-textured, heart-shaped, yellow leaf is framed with a dark green margin. Pale lavender flowers.	Medium-Large	13.00
Dancing in the Rain (PP15977)	Pure white centers with blue-green streaks and margins. Centers tend to green up in extreme heat. Pale lavender flowers.	Large	16.00
Dancing Queen	Bright yellow wedge-shaped leaves with a great rippled edge. Vigorous clumping. Lavender flowers midsummer.	Large	14.00
Dark Secret	Corrugated, unruly, cupped, dark green, shiny leaves. Good Substance. Pale lavender flowers late June to July on 3' scapes.	Giant	18.00
Dark Shadows	Heart-shaped and gently ruffled leaves emerge blue with an uneven chartreuse-yellow margin, and changes to green early summer; thick substance. Pale lavender flowers early summer.	Large	15.00
Day's End	Medium green-centered foliage bordered in gold; August lavender flowers.	Large	12.00
Deep Blue Sea	Outstanding blue, round corrugated leaves. Near white flowers midsummer.	Medium	14.00
Deep Pockets	Heavily corrugated, deeply cupped, medium to dark green leaves. Good substance. Very pale lavender flowers.	Medium	14.00
Deep Space Nine	Medium to dark green leaves with a wide, wavy yellow margin. Thick Substance. Reverse sport of 'Captain Kirk.' Pale lavender flowers mid-July to August.	Large	15.00
Déjà Blu	Blue-green foliage with a cream lightning bolt between the center of the leaf and the yellow margin. Light lavender flowers.	Medium	13.00
Designer Genes	Bright gold leaves with crimson red scapes. Purple flowers in July.	Small	17.00

Devil's Advocate	Blue-green leaves with green margins that brighten into a showier apple green as the season progresses. Plant forms an upright mound. Sport of 'Blue Angel.' White flowers midsummer.	Giant	18.00
Dew Drop	Small heavily-textured dark green leaves with a narrow white margin. Lavender flowers late June.	Small	7.00
Diamond Necklace	Ivory white centers with wide, dark green margins. The reverse sport of 'Ivory Necklace.' Purple flowers mid to late summer	Small	18.00
Diana Remembered	Moderately corrugated, blue-green leaves with creamy white margins that extend down to the petioles. Named after the late Princess Diana of Whales. Very fragrant, white, tubular flowers.	Medium	14.00
Dick Ward	Nearly round, gold leaves with wide, jetting, dark green margins; mature leaves are heavily corrugated; slug resistant. Pale lavender flowers early summer.	Medium	15.00
*Dinner Mint	Bright yellow leaves with dark green, slightly rippled margin. Wavy. Medium to fast growth rate. Medium purple flowers in August.	Small	14.00
Dream Maker	Blue-green leaves with heavily streaked yellow variegation. Thick substance. Near-white flowers late June to mid-July.	Large	50.00
Dream Queen	A sport of 'Great Expectations' which is similar to 'Thunderbolt'. Large, nearly round, corrugated, bluish-green leaves with a narrow, creamy white center. White flowers.	Medium	12.00
Duke of Cornwall	Blue-green leaves with a gold margin. Near white flowers late June to July.	Large	23.00
Dust Devil	An attractive "reversed" sport of 'Whirlwind'. A dark green center makes a striking contrast to wide, white margins; good growth rate, late July lavender flowers.	Medium	13.00
Earth Angel	Large heart-shaped blue-green leaves have a wide creamy-white margin.	Large	12.00
Easy to Love	Blue green leaves with a white margin. Good substance. Medium to fast growth rate. Pale lavender flowers in July.	Medium	19.00
Ebb Tide	Green leaves with a wavy, crinkled gold margin. Grows in a vase-shaped mound. Near white flowers with lavender stripes in July.	Large	13.00
Eliator	Large, oval, medium green shiny leaves form a large mound. Flowers are near-white with a distinctive pattern of lavender in mid-petal on a 6-7' scape	Giant	14.00
Elbridge Gerry	Green Leaves with wide gold margins. Pale purple flowers in July.	Medium	19.00
Eleanor Lachman	White center with green margin that often streaks into the center. Lavender flowers.	Small	25.00

Electrocution	Tightly rippled, twisted, long and narrow leaves are green with yellow to creamy yellow margins. Red speckled petioles. Upright growing habit. Lavender flowers midsummer.	Medium	17.00
Ellerbroek	Deep green leaves with a golden border are cupped, crimped and puckered. Color holds well in sun and shade. Pale lavender flowers late July.	Medium-Large	6.00
Elvis Lives	Long, narrow velvety-blue leaves with wavy edges on long arching petioles. Very unusual form. Lavender flowers	Medium-Large	7.00
Embroidery	Leaves emerge in the spring with a creamy-white center and a margin of gathered puckering or "stitched." The center variegation fades to green in summer.	Medium	39.00
Emerald Charger	Gold center with wide bright green margins. Sport of 'Stained Glass,' only with much wider margins and heavier substance. Fragrant, pale lavender flowers in August.	Large	18.00
Emerald Scepter	Leaves emerge gold, turning creamy white (especially in bright light), with a chartreuse margin. Ovate leaf shape. Pale purple flowers mid-July.	Small	12.00
Emerald Tiara	Medium green margins on gold center leaves; reverse of 'Golden Tiara.' Purple flowers.	Medium	6.00
Emma	Medium green, ovate leaves with a slightly rippled, white margin. Near white flowers in July	Small	10.00
Empress Wu (PP20774)	Huge, dark green, deeply veined leaves; thick substance. Forms an upright clump. Pale Reddish violet flowers. Largest known Hosta in commerce!	Giant	17.00
Enterprise	Sport of 'Captain Kirk'. Creamy white center with a green margin; better than average substance. Lavender flowers.	Medium	14.00
Eskimo Pie (PP16290)	Puckered leaves emerge with pale yellow centers, chartreuse streaking, and blue-green margins. The centers fade to cream and the streaking turns apple-green. White flowers.	Large	17.00
Eternal Flame	Selection of 'Whirlwind,' but the center variegation holds its white variegation better. Pale lavender flowers.	Small-Medium	13.00
Everlasting Love	Wide, creamy yellow to white margins with a dark green center. Good growth rate. Lavender flowers.	Medium	10.00
Extasy	Creamy-white wedged-shaped leaves with a wide, blue-green margin. Upright growth habit. Lavender flowers midsummer	Small	14.00
Eye Declare (PP18466)	Glowing yellow leaves emerge with a deep green margin. The center greens up in the summer. Lavender flowers.	Medium	16.00
Faith	Brassy-gold, rounded leaves with excellent corrugation. Morning sun to lightly filtered shade for brightest leaf coloration. Near-white flowers early summer.	Large	16.00
Faithful Heart	Oval-shaped leaves, light gold center with a narrow green margin. Pale purple flowers.	Miniature	11.00

Fallen Angel	A large mound of pointed leaves that emerge misted, near white in the spring, then turn blue-green and finally green as the summer progresses. Near white flowers in early summer.	Large	18.00
Fan Dance	Yellow leaves with a green margin; the intensity of coloration is extremely light dependent and may bleach to parchment color in high light. Pale lavender flowers.	Medium	10.00
Fantabulous	Sparkling, deep green leaves with a broad creamy-white margin. The slightly rippled leaf margin gives the impression the foliage is flowing from the center of the plant.	Medium	12.00
Fantasy Island	Leaves have a yellow center early that changes to creamy white with medium green, slightly wavy margins. Sport of 'Island Charm.' Pale purple flowers.	Small	12.00
Fat Cat	Large, almost round, deep yellow leaves with great quilting at maturity. Near white flowers in June.	Large	14.00
Fiesta	Chartreuse centered leaves with a narrow, white margin. Slug resistant. Pale purple flowers.	Medium-Large	15.00
Final Summation (PPAF)	Sport of 'Sum and Substance' with wide, dark green margins; lightly cupped, very round, giant leaves. Lavender flowers in July.	Large-Giant	18.00
Fingerprint	Ever-changing sport of 'Paul's Glory' with no two leaves quite the same. Deep green line divides the leaf center and leaf margin, creating an interesting "watermark" effect. Foliage changes from greenish in the center with a gold edge to gold in the center with a light green margin. Pale lavender flowers	Large	33.00
Fire and Ice	This sport of Patriot, has very dark green margins and a pure white center. Lavender flowers on a white stem.	Small-Medium	13.00
Fire Island	Brilliant yellow leaves with light red petioles and the coloration extending into the base of the leaves. Stunning intensity in spring. Lavender flowers.	Medium	12.00
Fireworks (PP16062)	Miniaturized sport of 'Loyalist'. Narrow, stiff, upright foliage. Deep green margins and creamy white centers. Light lavender flowers.	Small	15.00
First Frost	Blue center gradually turns dark green with a wide, gold margin that turns into creamy-white. Pale Lavender flowers.	Medium	14.00
First Mate	Dark green margins with yellow to creamy white center, narrowly elliptic leaves. Purple flowers mid to late summer.	Small	13.00
Flame Stitch	Heart-shaped leaves with a small, twisted tip and dark green margins that streak into the white center. Deep violet flowers.	Medium	21.00
Flapjack	Medium green, ovate-shaped leaves with a rippled white margin. Corrugated at maturity. Near white flowers.	Medium	18.00
Flower Power	Dark gray-green leaves that are rounded with prominent veins. Upright growth habit. Fragrant flowers July and August.	Large	10.00

Fountain of Youth	Shiny, heavily rippled leaves with a white margin and medium green center. Pale lavender flowers.	Small-Medium	12.00
Foxfire Green Lantern	Ovate-shaped leaves are pale green, changing to chartreuse by mid-July. Heavily corrugated; slightly cupped.	Medium	24.00
Fragrant Bouquet	Apple green leaves with wide irregular yellow-white margins. Fragrant white flowers midsummer. Sun tolerant.	Medium-Large	12.00
Francee	Forest-green heart-shaped leaves with narrow white margins. Lavender flowers.	Medium	6.00
Fringe Benefit	Large bluish-green puckered heart-shaped leaves with broad white margin.	Medium-Large	6.00
Frosted Mini Hearts	Shiny, slightly wavy leaves have a misted white and green center with a narrow green margin. Pale purple flowers in July.	Miniature	18.00
Frosted Mouse Ears	Blue-green to dark green in the center with a wide, creamy white margin; thick substance. Purple flowers in July.	Miniature	15.00
Garden Party	Medium to bright gold center with a medium green margin $\frac{1}{2}$ " to $\frac{3}{4}$ " wide. Thick substance. White flowers early in July.	Giant	16.00
Garden Treasure	Oval shape leaves with a dark green center and wide gold margins. Brightly variegated. Slug-resistant. Dense clustered, very pale lavender flowers.	Large	12.00
Gemini Moon	Green center with gold margin. Sport of 'Abiqua Moonbeam'. Pale lavender flowers.	Medium	15.00
Gentle Giant	Large blue-green leaves; corrugated, cupped and twisted. Lavender flowers June to July.	Giant	20.00
Gentle Spirit	Narrow white edge neatly accents the shiny, dark green center. Subtle, but striking variegation. Purple flowers late summer	Medium	21.00
George M. Dallas	Dark green leaves with a sharply contrasting gold margin; distinct tip; good substance. Lavender flowers mid-July to August.	Large	19.00
Georgia Sweetheart	Pointed, glossy leaves have dark green margins with a narrow gold center that fades to creamy-yellow by late summer. Pale lavender flowers on a cream scape midsummer.	Medium	18.00
Ghost Spirit	Blue-green margins, misted green and white center that changes to green in July; heart shaped blade. Pale lavender flowers in early July.	Medium	16.00
Gift by Association	Leaves emerge in spring a bright gold with ruffled leaf margins, a white back and purple petioles. As the season progresses the foliage turns a limy green. Purple scapes with almost blue flowers	Medium	19.00
Gin and Tonic	Chartreuse center, creamy gold to white margin; heavily corrugated; good substance; semi-upright mound habit. Near white flowers from July into August.	Medium	12.00

Ginko Craig	Deep green in the center, nearly as much irregular white edgings as there is green; petioles are edged white, are open grooved; some irregular cupping exists. Tolerates morning sun very well. Medium purple flowers.	Small	6.00
Glad Tidings	Leaves emerge chartreuse and gradually become gold colored as the season progresses. The foliage is somewhat unruly and forms an upright clump. Thick substance. Pale lavender flowers bloom in July.	Medium	20.00
Glory Hallelujah	Heart-shaped leaves are dark blue-green with a yellow margin; reverse sport of 'Paul's Glory'. Pale lavender flowers midsummer. Great grower with pronounced variegation.	Medium	13.00
Gold Drop	Small, gold heart-shaped leaves, excellent for edging. Lavender flowers.	Small	6.00
Gold Standard	Leaves emerge light green with dark green margin turning gold with a light green margin by summer.	Large	6.00
Golden Gate	Rich gold with wavy corrugated shiny leaves with good substance. Lavender flowers.	Large	17.00
Golden Needles	Compact clump of yellow leaves with green streaks throughout the whole leaf. Thick substance. Improved sport of 'Silver Threads and Golden Needles.' Lavender flowers midsummer.	Miniature	18.00
Golden Scepter	Gold leaves are ovate-shaped and slightly wavy. Slightly shiny underside. Pale purple flowers in July.	Medium	6.00
Golden Tiara	Medium green, heart-shaped leaves; gold margin. Lavender flowers.	Small	6.00
Golden Tusk	Medium to bright gold color; thick substance. A gold-leafed sport of 'Woolly Mammoth.' Near white flowers.	Large	14.00
Golden Years	Medium gold color; thick substance: July lavender flowers.	Medium	8.00
Goober	Leaves are rounded, dark green and heavily pebbled with wide, wavy petioles. Solid sport of 'Peanut.' Purple flowers midsummer	Miniature-Small	10.00
Goodness Gracious (PPAF)	Large, deeply veined, heart-shaped green leaves with very wide yellow margins. Showy sport of 'Satisfaction.' Light lavender flowers early to midsummer.	Large	18.00
Grand Master	Large bluish-green puckered leaves with white margin. thick substance. Lavender flowers.	Large	8.00
Grand Tiara	Bright gold margin with narrow dark green center. Lavender flowers.	Medium	8.00
Great Expectations	Large round puckered leaves with 2½" wide blue-green margins, gold center changing to creamy white by mid-summer. Outstanding variegation. White flowers.	Large	13.00
Great Lakes Gold	Bright gold leaves with rippled margins. Pale lavender flowers.	Large	14.00

Green Gables	Medium green leaves. Sport of 'Sum and Substance.' Lavender flowers late summer.	Large	13.00
Grey Ghost	In early spring, leaves come up near white to yellow, then blue-green by early summer, thick substance. A sport of 'Blue Angel.' Ideal specimen plant because of its leaf color metamorphosis. Near white flowers June to July.	Large	17.00
Grover Cleveland	Heavily corrugated, cupped, deep blue-green, broadly ovate leaf. Thick substance. Very pale lavender flowers midsummer.	Large-Giant	18.00
Guacamole	Gold-centered, green-margined color; colors intensify with more light and during the growing season. Fast growth rate. Fragrant, pale lavender flowers.	Medium-Large	11.00
Guardian Angel	Wide; misted white and green leaf centered surrounded by a blue-green margin; thick substance: a striking sport of 'Blue Angel'. Dense clustered near-white flowers on a 3-4' scape in June.	Large	15.00
Gypsy Rose	Elliptic-ovate yellow leaves with a contrasting, wide, dark green margin, plus a whitish margin between the center and margin. Lavender flowers late July.	Medium	15.00
Hacksaw	Long, tapered, light green leaves are intensely rippled and lightly serrated. Vigorous growth rate. Good sun tolerance. Lavender flowers mid to late summer.	Small	12.00
Haku Chu Han (Shiro Kabitan)	Narrowly elliptic shaped, white centered leaves with moderately rippled green margins. Purple flowers in August.	Small	9.00
Hakumuo	Green leaves with a white margin that is sometimes speckled green and white. Pale purple flowers from late June to mid-July.	Medium	14.00
Halcyon	Deep blue-green color. Thick substance. Good slug resistance. Very pale lavender flowers.	Medium	8.00
Hanky Panky (PP16217)	Dark green foliage with a pale lime margin and a white thread between the center margin. During summer, the edge turns white with a pale green overlay. Lavender flowers midsummer.	Small-Medium	17.00
Hans	Blue-green leaves, highlighted by a stunning cream center and a narrow green pattern between the blue and cream layers. The center of the leaves of becomes flushed with green streaks in later summer, giving it vigor that its sibling, 'Andrew' doesn't have. Slow growth rate. Pale lavender flowers in late spring	Medium-Large	20.00
Happy Camper	Green center with ½" to 1" white margin that occasionally streaks into the center. Pale lavender flowers.	Medium	11.00
Harpoon	Glossy, dark green leaves with a gold margin. Pest resistant. Purple, spider-like flowers.	Medium	13.00
Harriette Ward	Brilliant gold foliage of excellent substance. Pale lavender flowers mid-July.	Large-Giant	17.00

Heart and Soul	Gold leaves with a medium green margin. Lavender flowers in July.	Small-Medium	12.00
Heat Wave	Blue leaves with a yellow center that develop heavy corrugation as they mature. Thick substance. Near white flowers early summer.	Medium-Large	15.00
Heavenly Tiara	Green leaves with wide, light yellow, jetting margins in spring. During summer, the center is chartreuse with ivory margins. Purple flowers midsummer.	Small-Medium	15.00
(Montana) 'Hida No Hana'	Leaves are misted green and white in the center with a green margin. Very pale lavender flowers in July.	Medium	26.00
Hidden Cove	small arrow-shaped leaves feature a yellow-butterscotch to creamy-white coloration, edged by a dark green margin. Lavender flowers in later summer.	Miniature	13.00
Hideout	Lance-shaped, wavy leaves with a narrow green margin and white center. Pale purple flowers mid to late July.	Dwarf	15.00
High Society (PP17313)	Emerges in spring with a narrow, yellow center and wide, blue margins. Center widens and brightens to white by midsummer. Pale lavender flowers.	Small	15.00
Hippodrome	Leaves have blue-green to dark green center with a neatly rippled, creamy yellow margin. Thick substance. Near-white flowers.	Medium	17.00
Holly's Honey	Glossy dark green leaves with ruffled margins. Dark purple flowers midsummer.	Medium-Large	9.00
Hollywood Lights (PP17296)	Large, arching dark green leaves are accented by a yellow flare in the center of the leaf. Pale lavender flowers midsummer.	Large	16.00
Holy Molé	Thick, rubbery, chartreuse leaves with 2" wide, dark green margins. Sport of 'Guacamole.' Best in part sun. Very fragrant, near-white flowers.	Large	14.00
Holy Mouse Ears	Small, mouse-ear shaped leaves with a bluish green margin, yellow to creamy white center; thick substance. Purple flowers in July.	Miniature	16.00
Honeybells	Large, light green leaves; fragrant violet-white flowers.	Large	6.00
Honor Roll			
Hoosier Harmony	Chartreuse center edged by a green margin. Rapid growth rate. Sport of 'Royal Standard'. Wonderful fragrant white flowers.	Large	10.00
Hudson Bay (PP23598)	Wide, bright blue margins with apple green jetting and white centers. Heavy substance. Near white flowers early summer.	Large	18.00
Humpback Whale	Heart-shaped, corrugated blue green leaves that are the bluest in the spring. Grows into a massive, dome-shaped mound. Near white flowers early spring.	Giant	18.00

Hyuga Urajiro	Frosty blue, spear-like leaves with yellow streaks and metallic silver coloration on leaf undersides. Near white flowers early summer.	Small	16.00
Ice Age Trail	Heavily streaked, broadly ovate foliage, a combination of blue-green and gold. Color changes to dark green and creamy white by mid-summer. Thick substance. Near-white flowers.	Medium	25.00
Ice Cream	Sport of 'Vanilla Cream' boasts the same wonderful habit and style, but with an exciting deep green center and gold margin. Pale lavender flowers.	Small	9.00
Ice Follies	Long, dark green, pointed leaves with wide creamy white margins. Good growth rate. Pale lavender flowers midsummer.	Medium	16.00
Ice Prancer	Wedge-shaped, blue rippled margins with an exaggerated leaf tip. Good substance Slug resistant. Light lavender flowers midsummer.	Medium-Large	14.00
Imperial Palace	Yellow leaves turning to creamy white as the season progresses, with 2" wide, medium green margins. Very pale lavender flowers late June to mid-July.	Large	18.00
Independence (PP17044)	A reverse sport of 'Revolution'. Dark green leaves have creamy-white margins that are speckled with green. Large, pale lavender flowers.	Large	13.00
Inniswood	Bright gold, heart-shaped leaves bordered with a wide deep green margin, heavy texture and corrugation. Lavender flowers in June.	Large	12.00
Iron Gate Delight	Wide, creamy-white margin on green leaves. Fragrant lavender flowers.	Medium-Large	10.00
Island Charm	Yellow centered leaves (changing to white in high light) are edged in green. Reddish leaf petioles and flower scapes with lavender flowers, hence exhibiting the colors of a tropical sunset.	Small	10.00
Itty Gold	Corrugated, cupped, medium gold leaves which are brightest in the spring. Compact growing habit. Lavender flowers in July.	Small	14.00
Ivory Coast	Bluish to dark green leaves with 1-2" wide creamy white margins. Smooth texture. Very thick substance. Slug resistant. Impressive sport of 'Sagae.' Lavender flowers in July.	Large	14.00
Ivory Necklace	Medium green leaves with a creamy white margin. Vigorous growth rate. Medium purple flowers late July into August.	Medium	12.00
Ivory Queen (PPAF)	Cream to near-white leaves with broad, long lasting, blue-green margins with a dash of green. Pale lavender flowers midsummer.	Medium	18.00
Jabulani	Roundish, corrugated, gold leaves with a green margin. Thick substance. Near White flowers late June to July.	Medium	18.00

Jack of Diamonds	Blue-green leaves with an irregular, yellow margin; corrugated. Best color in high filtered shade. Plant forms a dense mound. White flowers early to mid-summer.	Medium	13.00
Jewel of the Nile	Heart-shaped blue leaves an irregular gold margin. Thick substance. Pale lavender flowers in early summer.	Medium	15.00
Jimmy Crack Corn	Large, gold leaves with deeply impressed veins and a piecrust edge. Near white flowers.	Large	12.00
Journey's End (PP16895)	Large, heart-shaped leaves with a gently ruffled edge. The yellow-gold leaves display several shades of green where the wide dark green margin bleeds into the gold center. Pale lavender flowers in midsummer.	Large	16.00
June	Gold leaves bordered by a blue and green margin. The light center will bleach white in bright light, and heavy substance. Pale lavender flowers.	Medium	10.00
June Fever (PP15340)	A nearly all-yellow sport of 'June' with a very narrow, blue-green margin that jets towards the midrib. Darkens to chartreuse in midsummer. Pale lavender flowers.	Medium	13.00
Just So	Gold-centered, green margined foliage. Pale lavender flowers.	Small	9.00
Justine (PP21,624)	Leaves have bright gold centers with dark green margins. Very thick substance. Pale lavender flowers from late July to early August.	Medium	17.00
Kabuki	Medium green center with creamy white margin. Lavender flowers.	Small-Medium	10.00
Katie Q	Green center with a medium gold margin and slightly wavy leaves. Pale lavender flowers on an 18-30" scape.	Medium	12.00
Key West	Large, bright gold, heart-shaped leaves. Has a potential for a 6' diameter for mature clumps! Does best in bright filtered shade to best take advantage of intense gold coloration. Lavender flowers early summer.	Large	16.00
(venusta) Kinakafu Otome	Oval-shaped leaves emerge with green margin and gold-centers in spring and change to all green by mid-July. Purple flowers late June.	Miniature	15.00
(rectifolia) Kinbuchi Tachi	Shiny, dark green center with a margin that changes from yellow to creamy white. Good substance. Bright purple flowers.	Large	17.00
King Tut	Ovate-shaped bright gold leaves. Heavily corrugated. Thick substance. Near white flowers June and July.	Medium-Large	12.00
Kiwi Full Monty	Sport of 'Striptease.' Frosty blue leaves have golden centers, turning to a bright creamy-yellow, bordered with flashes of white. Lavender flowers.	Medium	16.00
Knockout	Wide cream edge with blue-green centers; spectacular coloration on leaves.	Medium	9.00

Komodo Dragon	Heart-shaped gray-green leaves. Pale lavender flowers early summer.	Large-Giant	15.00
Korean Snow	Early color misted green and white, changing to a shiny medium green; smooth texture; good substance. Spidery purple flowers mid-August.	Small-Medium	17.00
Krossa Regal	Frosty blue leaves; soft lavender flowers on tall scapes.	Large	6.00
Lady Godiva	Green center with white margin. Reverse sport of 'Striptease'. Pale lavender flowers.	Medium	12.00
Lady Isobel Barnett	Very large green leaves with a narrow gold margin. This plant has the potential of passing 'Sum and Substance' in size.	Giant	18.00
*Ladybug	Moderately corrugated, chartreuse to gold leaves. Forms a very dense, rounded mound. Lavender flowers in July.	Small	16.00
Lakeside Alex Andra	Yellowish-green leaves with a white margin. Slightly corrugated. Pale lavender flowers	Medium - Large	14.00
Lakeside Baby Face	Oval shaped, medium to dark green center with creamy yellow to white margin that is slightly wavy; forms a low, dense mound. Pale purple flowers in July.	Miniature	12.00
Lakeside Butter Ball	Heavily corrugated, medium gold leaves. Thick-substance. White flowers.	Medium	18.00
Lakeside Color Blue	Deep blue green leaves; cupped; good substance. White flowers in July.	Large	19.00
Lakeside Cupid's Cup	Bluish green to dark green leaves with a creamy yellow to white margin; cupped and slightly corrugated. Pale lavender flowers in July.	Medium	17.00
Lakeside Dimpled Darling	Corrugated, ovate green leaves with a wavy yellow to creamy white margin. Near white flowers in June to July.	Small	15.00
Lakeside Down Sized	Pale green in the center with a rippled, creamy white margin. Purple flowers.	Miniature	11.00
Lakeside Fruit Loops	Creamy yellow to white-centered with a dark green margin. Lavender flowers in July. Great miniature.	Miniature-Small	17.00
Lakeside Kaleidoscope	Wide, creamy white margin often streaks into the medium green center, slightly rippled margins, near-white flowers.	Medium	11.00
Lakeside Keepsake	Dark green leaves with strongly contrasting, wide, creamy white margins; thick substance; moderate corrugation. Pale lavender flowers in July.	Medium	17.00
Lakeside Little Gem	Neat clump of tiny, ovate, undulating green leaves. Lavender flowers.	Small	9.00
Lakeside Little Tuft	Leaves are white-centered with a wide, shiny, dark green margin; slightly wavy. Pale purple flowers in July.	Miniature-Small	19.00

Lakeside Love Affaire	Tricolor leaves are white with a wide, dark green margin and lime green towards the midrib. Forms an upright, flaring mound. Near-white flowers. Prefers light to moderate shade.	Medium	21.00
Lakeside Masterpiece	Broadly ovate-shaped blue-green leaves with a creamy yellow margin early, changing to white. Moderate corrugation. Thick substance. Near white flowers in July.	Medium-Large	17.00
Lakeside Paisley Print	Very wide wavy green borders surround a narrow creamy center that shoots up from the petioles like lightning creating a "feather" pattern. Good substance. Lavender flowers in July	Medium	20.00
Lakeside Pebbles	Shiny, dark green, heavily corrugated leaves. Thick substance. Near white flowers midsummer.	Medium	17.00
Lakeside Prophecy	Ovate shaped dark green leaves with a frilled and rippled edge. Moderately corrugated. Thick substance. Pale lavender flowers in July.	Medium	19.00
Lakeside Ripples	Heavily rippled, dark green foliage. Pale lavender flowers.	Large	14.00
Lakeside Scamp	Creamy-white margined aqua blue-green leaves. Good substance. Grows to form a dense mound. Pale lavender flowers.	Miniature	14.00
Lakeside Sparkle Plenty	Yellow, narrow ovate leaves with a faint green margin that is moderately wavy. Semi-upright habit. Deep purple flowers late July.	Medium	14.00
Lakeside Spellbinder	Narrow, creamy-white center, with a 2 ½" wide, dark green margin; good substance. White flowers in July.	Medium	13.00
Lakeside Storm Watch	Narrow, wavy, shiny, dark green, upright foliage. Pale purple flowers in July and August.	Medium	16.00
Lakeside Tee Ki	Gold leaves with a wavy light-yellow margin; semi upright growth habit. Pale lavender flowers in July.	Small	15.00
Lakeside Whizzit	Green margin with a green-dotted, white center. Purple flowers in July.	Miniature	19.00
Last Dance	A sport from the gold form of 'Summer Music'. An uneven streaky yellow margin with a dark green center. Good substance. Pale lavender flowers in mid-summer.	Medium	12.00
Lemon Lime	Lance-shaped chartreuse leaves; purple striped flowers.	Small	6.00
Lemontini	Slightly shiny leaves that emerge chartreuse and change to bright yellow. Smooth texture. Medium purple flowers in August.	Dwarf-Small	14.00
Let Me Entertain You	Sport of 'Gypsy Rose; all green leaves; lavender flowers.	Medium	11.00
Leviathan	Smooth shiny dark-green leaves form a large mound of neatly placed leaves. Near white flowers early Summer	Large	11.00
Lewis and Clark	Gold centered leaves with a wavy green margin. Pale purple flowers on 3' scapes late July. Medium to fast growth rate.	Medium	14.00

Li'l Abner	Medium green center with a brassy gold margin. Pale lavender flowers.	Medium	12.00
Lime Smoothie	Undulating leaves have green centers with broad, lime green margins that turn cream in late summer. Lavender flowers in June and July.	Large	15.00
Limetini	Slightly rippled leaves emerge bright gold, quickly changing to lime green by early June. Pale purple flowers in August.	Dwarf-Small	14.00
Limey Lisa	Small, dense mound of heart-shaped, green leaves. They emerge chartreuse and turn medium green as the season progresses. Purple flowers in July.	Small	9.00
Linda Sue	Blue green-centered with a wide, gold margin; heavily corrugated; very thick substance. Sport of 'Frances Williams' that is not supposed to burn and has wider margins. White flowers.	Large	18.00
Lion Heart	Leaves are heart-shaped and rounded, slightly corrugated, bluish-green with a white center. Near white flowers in July	Medium	21.00
Little Devil	Elongated green leaves with a crisp white margin. Lavender flowers late summer.	Miniature	14.00
Little Treasure (PP21210)	Creamy white flowers with wide, blue-green margins; good substance. Lavender flowers early to mid-summer.	Miniature	14.00
Little Wonder	Smooth, narrowly ovate medium green leaves with a moderately wavy creamy white margin. Deep purple flowers mid-July.	Small	8.00
Lizzard Lick	long, narrow green leaves with wavy margins; good substance; fast growth rate. Grows better by smaller hostas. Lavender flowers July and August.	Small-Medium	16.00
Lollapalooza	dark green center with a 1 ¼" wide, bright yellow to creamy white margin; good substance. Whitish flowers in July.	Large	17.00
London Fog	White with green speckling. Unlike its sport 'Allegan Fog,' it is completely misted. Pale lavender flowers in July.	Small	17.00
Lonesome Dove (PP17294)	cupped blue-green leaves with a creamy-white interior; good substance. Pale lavender flowers.	Medium	15.00
Lothar the Giant	deep dark green leaves; thick substance. Near white flowers in July. Slug resistant.	Large	18.00
Love Pat	Very blue leaves with quilted texture. White flowers.	Medium	10.00
Lucy Vitols	The heavily corrugated golden leaf is accented by a very wide dark green border. Pale lavender flowers in July	Medium-Large	12.00
Lullabye	Pale yellow color turning chartreuse by summer, slightly rippled margins. Pale purple flowers.	Medium	14.00
Luna Moth	Wavy, heart-shaped leaves emerge dark green with light green margin that brighten to yellow in summer. Wider margins and	Small	15.00

	thicker substance than its parent 'Parky's Prize.' Vigorous growth rate. Lavender flowers early summer		
Lunar Orbit	Gold leaves edged by dramatic wide dark green margins. Violet flowers.	Medium	10.00
Majestic	Dark green leaves with wide creamy-white margins forms a striking contrast. Lavender flowers midsummer.	Medium-Large	14.00
Mango Tango	Round leaves with a very wide green edge; narrow mango-yellow, slightly puckered design in center of leaf. Lavender flowers midsummer.	Medium	19.00
Manzo	Heavily twisted leaves with a green margin and white center. Good vigor. This unique contorted foliage is ideal for troughs or small containers.	Miniature	14.00
Maraschino Cherry	Green lance-shaped leaves with red leaf petioles and flower stems. Fast growth rate. Purple flowers midsummer.	Medium	8.00
Margie's Angel	Gold leaves with a dark green margin. Good substance. Medium to fast growth rate. Very pale lavender flowers late June to July.	Medium	20.00
Marilyn	Ovate-shaped leaves emerge chartreuse in spring, changing to medium gold midsummer. Slightly wavy. Lavender flowers June to July.	Medium	8.00
Medusa	Shiny, ivory-white to yellow leaves; 1/4" emerald-green edge; twisted and rippled; lance shaped. Pale purple flowers.	Miniature	11.00
Midas Touch	Puckered, cupped golden-bronze leaves; May need some sun to retain its deep color. Can grow in full sun in cool climates. White flowers.	Large	11.00
Midwest Magic	Gold-centered, green-edged; good substance. An excellent contrast between gold center and dark green margin. Pale lavender flowers.	Large	10.00
Millenium	Leaves are intensely blue-green with a slightly rippled margin. They are broadly ovate with a cordate base; there is glaucous bloom on both the top and underside of the leaf. Thick substance. Intensely corrugated. Pure white flowers.	Giant	16.00
Millie's Memoirs	Dark green leaves are edged with a gold margin. The leaves have a heavy substance, corrugated, puckered, and slightly cupped. Near white flowers.	Medium	12.00
Mini Skirt	Wavy, blue green leaves with a creamy yellow margin that lightens to creamy white in summer. Thick substance. Lavender flowers	Miniature	17.00
Minuteman	Dark green, cupped leaves with wide, pure white margins. Pale lavender flowers.	Medium	10.00
Miss Susie	Elongated, wedge-shaped yellow leaves with bright red petioles. Best planted in an elevated site to admire the red petioles. Lavender flowers late summer.	Small-Medium	16.00

Mister Watson	Bright gold-centered with a narrow, green margin; heavily corrugated; thick substance. Near-white flowers.	Medium	13.00
Moerheimii	Leaves have creamy white irregular edges, which often radiate from the edge to near center.	Large	
Monsoon	Corrugated, gold leaves with a medium green, wavy margin. Good substance. Pale lavender flowers late June to July.	Large	19.00
Montana 'Aureomarginata'	Large green leaves with stunning, irregular yellow-cream margins. Pale lavender flowers.	Large	12.00
Montana f. macrophylla (aka Krossa B-3)	Medium to dark green leaves that are ovate-shaped with a deeply lobed base, and long, thin tip. Slightly wavy. Thick substance. Grows into a vase-shaped mound. Very pale lavender flowers late June to July.	Giant	
Montana 'Mountain Snow'	Medium green with a wide wavy margin. Near white flowers.	Large	11.00
Montreal Blue Ice Storm	Broadly ovate, moderately corrugated, deep blue-green leaves. Thick substance. Pale lavender flowers late June to July.	Giant	18.00
Moonlight Sonata	Bluish-green leaves are broadly ovate with a distinct tip. Wavy, moderately rippled, slightly cupped. Thick substance. Fragrant pale bluish white flowers mid-July to August.	Medium-Large	11.00
Moonstruck	Long, narrow white leaves are framed by a narrow blue edge. Great growth rate for the amount of white in its leaves.	Small	13.00
Morning Light	(PPAF) A reverse of 'Twilight' with golden-yellow center and dark margins. Heavy substance. Pale lavender flowers.	Medium	11.00
Munchkin Fire	Short and narrow leaves hold their bright yellow color all season long. Since the leaves are so narrow there isn't a prominent leaf base, and the leaves simply taper to become part of the petiole. Lavender flowers appear above the petiole in mid-summer	Miniature-Small	19.00
My Child Insook	Shiny, ivory white leaves with a dark green edge and chartreuse jetting towards the midrib. Pale lavender flowers mid to late summer.	Large	18.00
My Claire	Medium green center; yellow to creamy white margin. Lavender flowers.	Small-Medium	14.00
My Friend Nancy	Ovate-shaped, wavy, moderately corrugated, bluish green leaves with a yellow to creamy white margin. Thick substance. Very pale lavender flowers July to August.	Medium	13.00
Nagaeto	Small, lance-shaped green leaves. Fast grower. Lavender flowers in July	Small	
Nate the Great	Large, round blue-green leaves are deeply cupped and puckered; upright Hosta. Lavender flowers on a tall, straight scape in July.	Large	17.00

Neptune (PP19674)	Heavily rippled, narrow wedge leaves emerge glaucous blue, and turn more blue-green as the season emerges. Good substance. Lavender flowers on arching scapes late summer.	Large	15.00
Niagara Falls	Dark, spinach-green, heart-shaped leaves with wide, deep impressed veins. Very nice pie-crust edging, intensifying with age. Pale violet flowers.	Large	14.00
Night Before Christmas	2 3/4" white center bordered by wide, dark green margins. Pale lavender flowers.	Medium	10.00
Night Shift	Bright gold leaves with a dark green, wavy margin. Good substance. Lavender flowers on 3' scapes that droop horizontally.	Large	19.00
Nigrescens	Broadly ovate shaped, moderately corrugated blue-green leaves. Thick substance. Grows into a vase shaped mound. Pale lavenders flowers on 6' scapes July to August.	Large	9.00
None Lovelier	Medium green center with creamy yellow margin; heavily rippled; good substance. Lavender flowers.	Large	12.00
Ocean Isle	Long, thin pointed, wavy blue-green leaves with a wide, bright gold margin; good substance; high vein count. Light lavender flowers in June and July.	Large	17.00
Old Glory (PP12503)	Golden heart shaped leaves edged with an uneven dark green edged. Prominent veins and a rippled edged. Lavender flowers in mid-summer.	Medium-Large	16.00
Olive Bailey Langdon	Round leaves are margined with gold. Similar to 'Frances Williams', but much less prone to summer burn. White flowers.	Large	12.00
Olive Branch	A sport of 'Candy Hearts'. Heart shaped leaves are green with narrow, streaked, butterscotch yellow centers. Forms a neat symmetrical clump. Near-white, bell-shaped flowers.	Small	14.00
On Fire	Gold streaks throughout the intense blue foliage. A streaked form of 'Halcyon.' Great breeder. Excellent substance. Lavender flowers mid-late summer.	Medium	38.00
On Stage	Yellow leaf centers with irregular green margins. Lavender flowers.	Large	14.00
On the Border	Dark green, shiny leaves with a creamy yellow to white margin. Pale lavender flowers late summer.	Medium	12.00
One Man's Treasure	Green shiny leaves with a slight rippling margin, very shiny on top and slightly shiny on leaf underside, broadly ovate with a cordite base. Purple dots all along leaf petiole extend shortly up into the leaf veins. Medium lavender, tubular flowers that blooms August-September.	Medium	14.00
Ooh la la	Creamy white center streaks out into dark green margin. Pale purple flowers.	Medium	19.00

Orange Crush	Gold with a creamy white margin; moderately corrugated. Pale lavender flowers.	Medium	16.00
Orange Marmalade (PP16742)	Blue-green margin; center bright gold as it emerges from soil, becoming lighter during the season with bright light. Pale lavender flowers. Sport of 'Paul's Glory'	Medium	16.00
Oreo Cream	Leaves are heavily twisted and contorted with bright white centers and wide, dark green margins. Good substance.	Small	26.00
Oshima Silk	Medium green leaves with a narrow, very rippled, white margin. White underside. Pale purple flowers in August.	Medium	23.00
Pandora's Box	White center, dark green margin with lighter green area where the two colors meet. Lavender flowers in early summer	Miniature	13.00
Paradigm	Gold leaves with a blue-green margin. The variegation pattern intensifies later in the spring. Near white flowers.	Large-Giant	12.00
Paradise Island (PPAF)	Brilliant yellow leaves with narrow, dark green margins. Color changes to chartreuse as temperatures increase. Red petioles that bleed into the base of the leaf. Lavender flowers late summer.	Small-Medium	16.00
Paradise Power (PP12117)	Pointed, light yellow leaves have dramatic dark green, irregular margin. Margins widen and then the leaves lengthen as they mature. Sport of 'Sun Power.' Lavender flowers.	Medium	13.00
Parhelion	A sport of 'Sub and Substance.' Huge, gold-chartreuse leaves with heavy substance are surrounded by a narrow cream margin. Lavender flowers.	Giant	14.00
Parky's Prize	Dark green leaves edged with a yellow margin. It has a good grow rate, good leaf substance, and pale lavender flowers.	Medium	8.00
Pathfinder	Dark green margin; white center with many green speckles. Pale purple flowers.	Medium	11.00
Patrician	Medium green leaves with gold borders; rapid growth rate. Lavender flowers.	Small	6.00
Patriot	A sport of 'Francee'. Same dark green center, but with wider margins. Violet flowers.	Medium	6.00
Paul Revere	Wide, dark green margins with a creamy white center, a sport of 'Patriot'. Lavender flowers.	Medium	15.00
Paul's Glory	Gold heart-shaped leaves with a blue-green streaked margin. Lavender flowers.	Medium	13.00
Peace	Streaky white margins on green leaves. Lavender-Blue flowers.	Medium	9.00
Peanut	Dark green margin that sometimes streaks into the creamy yellow to white center; heavily corrugated; ovate blade shape. Purple flowers.	Miniature	13.00
PeeDee Gold Flash	Bright yellow leaves turn to chartreuse with narrow, variable green margin. Lower petioles are crimson. Dark lavender flowers in August	Small	12.00

Peppermint Ice	Wide, dark green margin bordering a creamy yellow to white center. Purple flowers.	Small	15.00
*Permafrost	Blue-green leaves with a striking wide, golden yellow margin. Leaves change to dark green with a creamy white margin by July. Very pale lavender flowers late July.	Medium	18.00
Peter Ruh	Blue-green center; margin chartreuse early, changing to gold, or in direct sunlight to creamier yellow, have very good substance. It's the reversed sport of 'Paul's Glory'. Pale lavender flowers mid-July.	Large	16.00
Pewterware	Soft blue, heart-shaped leaves. Lavender flowers late summer.	Small	16.00
*Picasso	Small elongated leaves with a deep blue-green center with a narrow chartreuse margin. Good substance. Near-white flowers late July.	Small	17.00
Piecrust Promise	Light green leaves with rippled, medium to dark green margins. Good substance. Very pale lavender flowers mid-June to early July.	Giant	19.00
Pin-Up Girl	Leaves have green centers and gold margins. Thick and heavily corrugated. Pale lavender flowers in early summer	Large	16.00
Pineapple Punch (PPPP18318)	Extremely rippled, long, narrow dark green leaves emerging with light green margins changing into showy gold to creamy white margins. Lavender flowers midsummer.	Medium	15.00
Pineapple Upsidedown Cake	Green early changing to green-margined with a bright gold center by mid-summer; rippled narrow blades: lavender flowers in August.	Medium	12.00
Pixie Power	Narrow, white centered leaves with green margins. . Purple flowers in August.	Small	12.00
Pizzazz	Heart-shaped frosted blue-green leaves with irregular cream-white margins. Pale lavender flowers.	Large	9.00
plantaginea 'Aphrodite'	Shiny, light green color foliage with smooth texture. Double, fragrant, white flowers as much as 6" long.	Large	11.00
Pocketful of Sunshine (PP23709)	Yellow, cupped leaves with a broad, deep green margin. Grows into a compact clump. Fast growth rate. Light lavender flowers early to midsummer.	Small	17.00
Popcorn	Rounded, yellow leaves with a blue margin. Yellow fades to cream midsummer. Leaves become more cupped with maturity. Pale lavender flowers.	Small	16.00
Prairie Moon	Bright yellow, wedge-shaped leaves backed by a lovely silver reverse keep their color all season long. Slug resistant. Lavender bell-shaped flowers in August.	Medium	14.00
Prairie Sky	Powdery blue leaves that keep their color all season long. Slightly cupped. Good substance. Grows into a tight clump. Pale lavender flowers mid to late summer.	Medium	15.00

Prairie Sunset	Bright fold leaves with a striking dark green margin. Corrugated at maturity. Near white flowers in July.	Medium-Large	20.00
Praying Hands	Upright, narrow leaves of 'Praying Hands' gives it an unusual look like no other Hosta. Each green leaf is rolled and folded into a tube shape, displaying the prominent veins on the back of the leaf. A thin white margin borders the outside margin of the leaf.	Medium	14.00
Prince of Darkness	Cupped, rounded, dark green leaves with an irregular, narrow, white center. Good substance. Pale lavender flowers in August.	Medium	23.00
Punky	Gold centered, blue-green margin, very heavy substance, slightly rippled. Pale lavender flowers.	Small	19.00
Queen Josephine	dark green glossy leaves are bordered by a wide yellow margin, which turns lighter as the season progresses. Lavender flowers midsummer.	Medium	10.00
Queen of the Seas	Blue, pointed heart-shaped leaves are heavily rippled with a pie crust margin. Pale lavender flowers early season.	Large	14.00
Quilting Bee	Some puckering, shiny, dark green leaves. Pale purple, semi-bell-shaped flowers in July.	Small-Medium	10.00
Radiant Edger	A wide gold margin surrounds a medium to dark green center, average substance. Lavender flowers.	Small-Medium	8.00
Radio Waves	Medium green with a center band of chartreuse in spring; very wavy; good substance; fast growth rate. Pale lavender flowers in August.	Small	14.00
Rainbow's End (PP17251)	Very dark green, shiny leaves with a yellow center that streaks into white. Purple flowers in August.	Small	16.00
Rainforest Sunrise	Sport of 'Maui Buttercups.' Leaves are solid light green when they emerge, then quickly develop dark green margins and radiant gold centers. Leaves are thick and glossy, making them slug resistant. Light lavender flowers.	Medium	14.00
Rare Breed	Leaves have a crisp white center with army green jetting and green margins. This plant is a showy selection for any garden with its gorgeous tricolored leaves. Semi-upright growth habit. Pale lavender flowers mid to late summer.	Large	18.00
Regal Chameleon	Blue-green leaves have a white center in the spring that turns all green by summer. Grows into a vase-shaped clump. Lavender flowers on tall scapes.	Large	23.00
Regal Promenade	Large, blue-green leaves that have cream streaks. Pale lavender flowers in July.	Large	24.00
Regal Rhubarb	Deep green leaves with bright red petioles; heavily rippled margin; moderate corrugation; good substance. Pale lavender flowers.	Large	10.00

Regal Splendor	A sport of 'Krossa Regal' with creamy-white leaf margins on frosty blue leaves. Pale lavender flowers.	Large	9.00
Regal Supreme (PP19818)	Frosty, blue-green leaves with a beautiful very wide, contrasting, creamy-white margin. Grows in upright vase-shaped mound. Lavender flowers midsummer.	Medium-Large	17.00
Remember Me	Heart-shaped leaves with bright creamy-ivory centered and blue-green edges. Thick leaves; slug resistant. Lavender flowers	Small	15.00
Revolution	Creamy white center is green speckled with a very dark green margin. Lavender flowers.	Medium	13.00
Ripple Effect	Long, narrow, wavy gold leaves with a narrow blue-green margin occasionally jetting towards the center. Foliage changes to chartreuse with a green margin in summer. Unique sport of 'June.' Pale lavender flowers mid to late summer.	Small	15.00
Rippled Treasure	Elliptic-shaped leaves emerge bluish, changing to medium green by early summer with a heavily rippled margin. Slightly wavy. Slightly corrugated. Pale lavender flowers late June to mid-July.	Medium	17.00
Rising Sun	Ovate-shaped, bright gold leaves. Slightly wavy and slightly corrugated. Semi-upright growth habit. Pale purple flowers mid-July to August.	Large	14.00
Risky Business	The white centered form of 'Striptease,' with the same growth rate. Mature plants have an interesting twist on the leaf tip. Lavender flowers in August.	Medium	15.00
Robin Hood	Medium green center with a dark green margin; thick substance; heavily corrugated. Near-white flowers.	Large	17.00
Robin of Loxley	Blue-green leaves. White flowers in June and July	Medium	17.00
Roller Coaster Ride	6" long skinny leaves; green-centered with a 1/8" wide, creamy yellow to white margin. Fast growth rate. Purple flowers on 40" scapes in late August.	Small	14.00
Rosedale Golden Goose	Bright gold leaves with good substance. Sun tolerant. Lavender flowers in July.	Large	15.00
Rosedale Tractor Seat	Large, nearly round, cupped green leaves. Heavily corrugated. Thick underside bloom. Thick substance. Near white flowers late June.	Large	16.00
Roy Klehm (PP19647)	Yellow leaves with wide dark green margins. Upright vase-shaped habit. Lavender flowers midsummer.	Large	18.00
Royal Standard	Rich green foliage with huge fragrant white flowers.	Large	6.00
Royal Tapestry	Blue-green center with margin that changes from yellow to creamy white; slightly wavy; moderately corrugated; good substance. Pale Lavender flowers.	Large	14.00
Royal Tiara	Pale green margin, narrow white center, twisted shape. The most unusual of all the "Tiaras" known for its very odd, gnarled, white centered foliage, July lavender flowers.	Small	13.00

Rubies and Ruffles	Green leaves with a creamy white, ruffled margin and dark purplish-red petioles. Upright growth habit. Pale purple flowers bloom on dark purple-red scapes	Medium	14.00
Sagae {aka fluctuans variegated}	Frosty green leaves with creamy yellow margins. Near white flowers.	Large	12.00
Saishu Jima(aka Haku Jima)	Dark green leaves are narrowly elliptic, very wavy, shiny leaves. Reddish purple dots on petioles. Grows into a small, dense mound. Medium purple flowers.	Small	7.00
Salute	Narrow blue leaves, pointed and slightly folded, with somewhat wavy margins. Upright growth habit forms a vase-shaped mound. Near white flowers midsummer.	Medium	11.00
Sara's Sensation	Blue-green leaves with wide gold margins; heavily corrugated; thick substance. Near white flowers early summer.	Medium-Large	19.00
Satisfaction	A sport of 'Piedmont Gold', dark leaves with wide gold margin. Near white flowers in July.	Large	13.00
Savannah	Lightly wavy, moderately shiny dark green leaves with a white margin. Fast growth rate. Fragrant, pale lavender flowers in August.	Large	9.00
Savannah Supreme	Creamy white margins, heavily streaked, green and white center, average substance. A sport of 'Savannah,' very striking multi-colored foliage and fragrant August, and pale lavender flowers are the key features of this exciting new cultivar.	Medium-Large	19.00
Scooter	Dark green leaves edged with a wide creamy-white margin. Lavender flowers.	Small	8.00
Sea Fire	Intense light golden-yellow leaves emerge with red petioles in spring, becoming medium green in August. Deep lavender flowers on dark reddish green scapes.	Medium	9.00
Sea Thunder	Small creamy-white centered leaves with streaky green margins. Pale purple flowers.	Medium	10.00
Sea White Gold	Medium to bright gold, slightly rippled, and moderately corrugated leaves. Leaf blade is ovate-shaped with a distinct tip. Good substance. Pale lavender flowers in July.	Large	19.00
Seducer (PP22413)	Dark green leaves with a slightly ruffled, gold margin and a hint of white between the center and margin. Near-white flowers late summer.	Large	17.00
Sentimental Journey	Chartreuse center with margin that changes from chartreuse to gold; thick substance. Near-white flowers.	Medium-Large	16.00
September Sun	Yellow center with green margins. High contrast between the margin and the center. Bell-shaped pale lavender flowers in August.	Large	8.00
Serendipity	Blue leaves. Open blue, bell shaped flowers in mid-July.	Medium	6.00

Shade Fanfare	Light green leaves with wide creamy margins. Has a vigorous growth rate. Pale lavender flowers late July to August.	Medium	7.00
Shawnee Moon	Gold leaves are heavily corrugated and thick substanced. Near white from June into July	Medium	18.00
Shining Tot	Shiny dark-green leaves topped by pale lavender flowers in August	Miniature	10.00
Shiny Penny	Dense mound of wavy, gold foliage, changing to chartreuse as the season progresses. Smooth, ovate-shaped leaves. Purple flowers late July.	Miniature	11.00
Shogun	Medium green leaves with creamy-white margins. Leaf blades are ovate-shaped, deeply veined, and are slightly wavy. Lavender flowers mid to late July.	Large	8.00
Sieboldiana Elegans	Large blue-gray leaves. White flowers.	Large	6.00
Silver Bay	Blue-green, intensely corrugated leaves; thick substance. Very pale purple flowers in July.	Medium	14.00
Silver Mine	1x1" lightly wavy, shiny, lance shaped white speckled leaves. They emerge white in the spring and gradually develop green specks through the season. By late summer, the leaves will be mostly green, but misted with white. Slow growth habit. It will need some morning sun and even moisture to prosper. Pale lavender flowers in midsummer.	Miniature	21.00
Silver Threads and Golden Needles	Compact, miniature Hosta with gold leaves splotted with green flecks and streaks. Lavender flowers.	Miniature	17.00
Sitting Pretty	Small, lance shaped glossy yellow leaves with a wide, irregular green margin. Lavender flowers	Small	14.00
Slick Willie	Dark green, slick and shiny leaves. Pale lavender flowers in July.	Medium	10.00
Slim and Trim	Medium blue, elongated leaves. Small, vigorous clump. Lavender flowers.	Miniature-Small	14.00
Smash Hit	Sport of 'Orange Marmalade' with wider green margins and thicker foliage. Center color lightens from chartreuse to golden yellow as season progresses. Pale lavender flowers	Medium	20.00
Smiley Face	Slightly corrugated, light yellow leaves. Pinkish petioles. Medium to fast growth rate. Reddish-purple flowers mid-July on pinkish scapes.	Small	18.00
Smooth Sailing	Gold-centered, green-margined leaves; deeply veined; slightly wavy. Pale lavender flowers in July	Large	18.00
Snow Cap	Heart-shaped, blue-green, with a wide, irregular, creamy-white margin. White flowers.	Large	11.00
Snow Flakes	Leaves are medium, all green, lanceolate. Pure white flowers.	Small	6.00

So Sweet	Glossy green leaves with wide white margins. Can take full sun. White fragrant flowers.	Medium	7.00
Solar Flare	Chartreuse early, bright gold by mid-summer; slightly rippled margin; good substance. Very pale lavender flowers.	Giant	17.00
Sparkler (PPAF)	Narrow leaves with dark green margins that jet into the creamy white to white center. Heavy substance. Light lavender flowers mid to late summer.	Miniature	17.00
Spartacus	Dark green, heart-shaped leaves with a narrow yellow edge accentuating the rippled margin. Pale lavender flowers.	Large	16.00
Spartan Glory	Shiny, dark green center, creamy yellow to white margin; heavily corrugated. Thick substance. Near white flowers.	Large	17.00
Spellbound	Apple-green center; creamy yellow margin; heavily corrugated and somewhat unruly; good substance. Near white flowers.	Medium	15.00
Spilt Milk	Think round, heart-shaped leaves that are cupped and puckered. The blue-green leaves are unusually streaked and misted with narrow white and gray markings, with darker green margins. White flowers.	Medium-Large	15.00
Spinach Soufflé	Round, blue-green leaves with a wide yellow margin. Thick substance. Very pale lavender flowers in June and July.	Medium	18.00
Spirit of St. Louis	Large, medium green leaves; good substance; fast growth rate. Near white flowers mid-July to mid-August. 2008 AHS convention plant.	Giant	16.00
Spring Fling	Heart-shaped green leaves with a creamy-white, pie-crust ed edge. Lavender flowers in early summer.	Medium-Large	12.00
Squash Casserole	Medium gold leaf is ovate in shape; ruffled; slightly corrugated; deeply veined. Thin underside bloom. Medium purple flowers in July.	Medium-Large	12.00
St. Paul	Thick gold heart-shaped leaves are bordered by a wide blue-green margin. A wonderful sport of 'Paul's Glory.' Pale lavender flowers.	Medium-Large	15.00
Stained Glass	A sport of 'Guacamole'. It differs by its variegation earlier in the spring and holding a much brighter gold throughout the season. Large fragrant, near white flowers.	Medium-Large	14.00
Stiletto	Long wavy leaves with a white margin; funnel-shaped purple flowers bloom in late summer.	Small	7.00
Striptease	A sport of 'Gold Standard' with wider dark green margins; a white strip appears between the green and gold area. Pale violet flowers in late July.	Medium-Large	14.00
Sugar and Spice	Glossy, medium-green leaves with a bright creamy-white edge. Fragrant lavender flowers in August. Good sun tolerance.	Medium-Large	13.00

Sultana	Heavy textured, vigorous growth habit, heart-shaped with distinct green center and distinct wide gold margin. Near white flowers.	Small	8.00
***Sum and Substance	Chartreuse to gold leaves with lavender flowers late in season.	Giant	9.00
Sum and Subtle	Gold leaves with margins that change from chartreuse to medium green; thick substance; corrugation at maturity. Pale lavender flowers in August.	Large	16.00
Sum Cup-o-Joe	Chartreuse center with a thin white margin, an unusual sport of 'Sum and Substance.' Lavender flowers.	Large	16.00
Sum It Up	Shiny, medium green leaves with a gold margin. Smooth texture. Thick substance. Lavender flowers.	Giant	16.00
Summer Breeze	A sport of 'Summer Music': wide gold margins surround a rich green center; excellent growth rate; pale lavender flowers in July.	Medium-Large	13.00
Summer Lovin'	Dark green center with a wide yellow margin; thick substance. Pale Lavender flowers during July.	Medium	16.00
Summer Music	Distinguished by a large creamy-white center and bordered by a two-tone chartreuse and gold margin. Needs bright, morning sun to grow well. Pale lavender flowers.	Medium	13.00
Summer Serenade	Gold-centered, green leaves are broadly ovate-shaped, slightly wavy, and slightly corrugated. Thick substance. Near white flowers late June to July.	Large	16.00
Sun Kissed	Chartreuse to medium gold center with a white margin. Fragrant, white flowers.	Small	14.00
Sun Power	Excellent gold leaved Hosta. Thick substance, moderately wavy. Pale lavender flowers.	Large	8.00
Sunlight Child	Bright gold leaves with slightly shiny underside. Medium purple flowers August with intense red-purple dots on scapes.	Miniature	12.00
Sunshine Glory	Large green leaves are corrugated and edged with a wide gold margin. Near white flowers in early summer.	Large	13.00
Super Nova	A reverse form of 'Frances Williams'. 1" wide blue-green margins surround the gold center. The leaf center is chartreuse in early spring and changes to a medium gold by summer. Near white flowers.	Large	13.00
Sutter's Mill	Bright gold, moderately corrugated leaves. Good substance. Pale lavender flowers.	Large	19.00
Swamp Thing	Dark green, ovate-shaped leaves with a creamy yellow to white margin; wavy. Deep purple flowers in July.	Medium	17.00
Sweet Home Chicago	Sport of 'Birchwood Parky's Gold', gold-centered, green-margined; colors intensify during the growing season and with direct sunlight. July lavender flowers.	Medium	9.00

Sweet Innocence	Light green leaves with a creamy yellow to white margin. Fragrant, lavender flowers mid-August to September.	Large	15.00
Sweet Tater Pie	Shiny, light gold foliage; wavy margins; leaf shape is elliptic to narrowly ovate. Pale purple flowers mid-July to August.	Medium	9.00
T-Rex	Gigantic green leaves measure 18" long by 14" wide. Large, near-white flowers.	Giant	16.00
Taurus	Intensely corrugated, unruly, cupped, blue-green leaves. Thick substance. Flowers late June to mid-July.	Large	16.00
Teaspoon	Leaves are medium green; moderately corrugated; cupped; roundish blade. Pale pink flowers.	Small	11.00
Teatime	Bluish green in the center early, changing to dark green; margin chartreuse to medium gold. Outstanding substance. Pale lavender flowers.	Medium	18.00
The Fonz	Shiny green leaves with a rippled margin. Good Substance. Pale lavender flowers late summer	Medium	18.00
The King	Bluish green with gold to creamy white rippled margins; moderately corrugated. Lavender flowers in July.	Large	20.00
The Leading Edge	Green center with greenish yellow margin that is nicely rippled; thick substance. Becomes a large semi-upright mound. Near-white flowers.	Large-Giant	17.00
The Queen	Gold to creamy white leaves with a slightly rippled, bluish green margin; moderately corrugated. Lavender flowers in July.	Medium-Large	22.00
The Razor's Edge	Extremely ruffled, lance-shaped green leaves with incredibly bright red petioles; upright growth habit. Lavender flowers mid-summer.	Small	13.00
Thumb Nail	Ovate-shaped, medium green leaves. Purple flowers late June.	Miniature	10.00
Thumbelina	Creamy-white margins with a medium green center. Fast growth rate. Pale lavender flowers in July.	Small	10.00
Thunbergiana(sieboldii)	Narrow, shiny green leaves form a tight, low mound. Purple flowers.	Small	6.00
Tick Tock	Yellow leaves with dark green margins form a compact mound; good growth rate. Great for edging. Pale lavender flowers midsummer.	Small	12.00
Tijuana Brass	Chartreuse early, turning a shiny, medium gold; twisted; thick substance. 32" scapes with pale lavender flowers in July.	Medium	15.00
Tiny Tears	Medium green leaves are oval-shaped. Smooth texture. Forms a small, dense clump. Medium purple flowers midsummer.	Small	7.00
Titanic (PP12402)	A wide gold edged against a dark green center, is a sport of 'Sum and Substance'. Mid to late summer pale lavender flowers.	Large	17.00

Tokudama Aureonebulosa	Cup-shaped, heavy textured leaves are streaked yellow, margined by a blue-green edge. Heavy corrugated leaves are slug resistant. Pale lavender flowers.	Medium	13.00
